*To improve health*

*through leadership,  
service and education.*

The recommended action requests that the Board approve and instruct the Acting Director of Health Services to submit the Fourth Quarter Report (Report) for Fiscal Year (FY) 2004-05 to the State Department of Health Services (State) for transmittal to the Centers for Medicare and Medicaid Services (CMS).

The Department of Health Services (Department) is required to submit reports on a quarterly and annual basis to the State and CMS describing the progress made by the Department in meeting the goals of the Medicaid Demonstration Project (Demonstration Project).

**FISCAL IMPACT/FINANCING:**

The Report documents have no fiscal impact.

**FACTS AND PROVISIONS/LEGAL REQUIREMENTS:**

The County is required to submit reports to the State and CMS on a quarterly and annual basis on the progress of the Department in meeting the goals and requirements under the Demonstration Project. On December 8, 1998, the Board instructed the Department to submit progress reports to the Board prior to submission to the State and CMS.

The Honorable Board of Supervisors  
March 23, 2006  
Page 2

The Report covers the period April 1, 2005 through June 30, 2005 and focuses on major highlights in the critical areas of ambulatory care visits, Federally Qualified Health Centers, Outreach and Enrollment, Medi-Cal enrollments, Clinical Resource Management, and the Workforce Development Program, as well as information on referral center workload. The County has met all current expectations in accordance with State and federal requirements and is, therefore, in full compliance. Information in the Report has been validated by the Department's Audit and Compliance Division.

CONTRACTING PROCESS:

The contracting process is not applicable to the Report.

IMPACT ON CURRENT SERVICES (OR PROJECTS):

The Report documents do not have an impact on current services or projects.

When approved, this Department requires three signed copies of the Board's action.

Respectfully submitted,

Bruce A. Chernof, M.D.

Federally Qualified Health Centers (FQHC)	The County must use its best effort to secure FQHC status for each County DHS Health Center, Comprehensive Health Center (CHC), hospital outpatient department, and for each County DHS PPP site contracting with County.	By January 1, 2001, the County must assess the potential eligibility for FQHC status of each County DHS Health Center, CHC, hospital outpatient department, and each County PPP site currently contracting with County, and must submit a work plan on how to proceed with the FQHC application process for those entities that are potentially eligible for FQHC status. The work plan must include specific timelines, milestones, and approaches to addressing major issues that may create a barrier to eligibility for FQHC status.		The FQHC assessment report and work plan were submitted to the State DHS by the January 1, 2001 due date.	√
		The work plan must provide that the application process be complete no later than December 1, 2002.		The County submitted a letter to the State DHS on November 26, 2002, notifying them that the FQHC applications would be submitted by April 30, 2003.  The FQHC applications were submitted by April 30, 2003.	√
		The County must seek a federal decision on all applications for FQHC status by <b>June 30, 2003</b> .

FQHCs (Continued)		By January 1, 2001, the County must begin preparing and by April 1, 2001, the County must begin submitting applications for FQHC status for those County DHS operated sites that are in federally designated areas and that meet all other eligibility requirements for FQHC status.	During the fourth quarter of FY 2004-05, DHS continued to wait on a decision from HRSA regarding DHS' application to achieve FQHC Look-Alike designation for three of its Comprehensive Health Centers.	The County satisfied its obligations with respect to this requirement. The obligation to begin submitting applications by April 1, 2001, for County operated facilities only matured for those County operated facilities that were in federally designated areas and met all other eligibility requirements. None of the County operated sites met those conditions because they all shared a governance structure, which would not satisfy the FQHC requirements.	√
				The County completed a Public Housing Primary Care grant application through Section 330(i) of the Public Health Services Act and submitted it to the Health Resources and Services Administration on April 29, 2003. The County worked in collaboration with the City Housing Authority and the Community Development Commission to design an appropriate service delivery system. State DHS also received a copy of the application.	√

		During SFY 2004-05, the County must appropriate and retain for use by County DHS for the demonstration related services \$60 million in Tobacco Settlement funds.	Of the estimated annual Master Tobacco Settlement Funds amount and consistent with the Interagency Agreement, the Board of Supervisors approved \$60 million to be invested each fiscal year beginning in Fiscal Year (FY) 2000-01 to stabilize and strengthen the network of the Department of Health Services (DHS) and its partners. For FY 2004-05, the \$60 million was invested in the safety net system to sustain and achieve needed improvements in efficiency, quality and disease management, with particular emphasis on our ambulatory care system through DHS facilities and our Public Private Partners.  The FY 2004-05 \$60 million Tobacco Settlement funds and the additional \$40 million General Fund County Contribution were allocated to the Department as a whole by the Board of Supervisors and were utilized by DHS to fund its operations. The County does not track which specific expenditures were made with these dollars.	At its April 20, 2004 meeting, the BOS adopted the FY 2004-05 Proposed County Budget. The Proposed Budget appropriated \$60 million in Tobacco Settlement funds to DHS for FY 2004-05.  At its September 28, 2004 meeting, the BOS approved the FY 2004-05 Supplemental Budget Resolution.  At its September 20, 2005 meeting, the BOS adopted the FY 2004-05 Year-End Budget Adjustment transferring surplus funds to the Hospital Enterprise Fund designation for future DHS use.	√

Source: Monthly Referral Center Reports forwarded to the Medicaid Demonstration Project Office.

Description: This table reflects the volume of referrals received by the DHS Referral Centers during FY 2004-05 First, Second, Third, and Fourth Quarters (July 2004 through June 2005).

\* Reflects only referrals reported to the Medicaid Demonstration Project Office by September 21, 2005.

**LAC+USC Healthcare Network**

\*\* During FY 2004-05 Fourth Quarter, LAC+USC Healthcare Network (the Network) Referral Center has **78%** for incomplete/deferred referrals.

The summary reports continue to reflect a high number of incomplete/referrals. The Network aging reports confirm that, although these initial numbers are high, patients are being seen. The Customer Service Center continued to work on the update of all records and entry of the data into the referral-tracking data base. This effort is largely supported by staff willing to work overtime and is not being completed as quickly as management had hoped.

The Network is in the planning/testing stages of implementing the Web Based Referral Processing System. The Network and RPS IS personnel have developed and tested a query that will allow the daily download of appointment information, and final status (kept/failed/canceled) from Affinity to the RPS (a request was made to test on the current referral tracking system). Upon full implementation, the daily download will eliminate the labor intensive process of search and entry that is currently used.

**VALLEYCARE REFERRAL CENTER (OLIVE VIEW-UCLA MEDICAL CENTER)**

Effective November 15, 2004, Valleycare Referral Center (Valleycare) has been unable to provide referral center data. Valleycare began piloting the Web-Based Referral System (System) and stopped using the old tracking system in order to avoid double entry. The System is unable to generate the report that indicates the total number of approved, denied, and deferred visits.

**All Referral Centers**

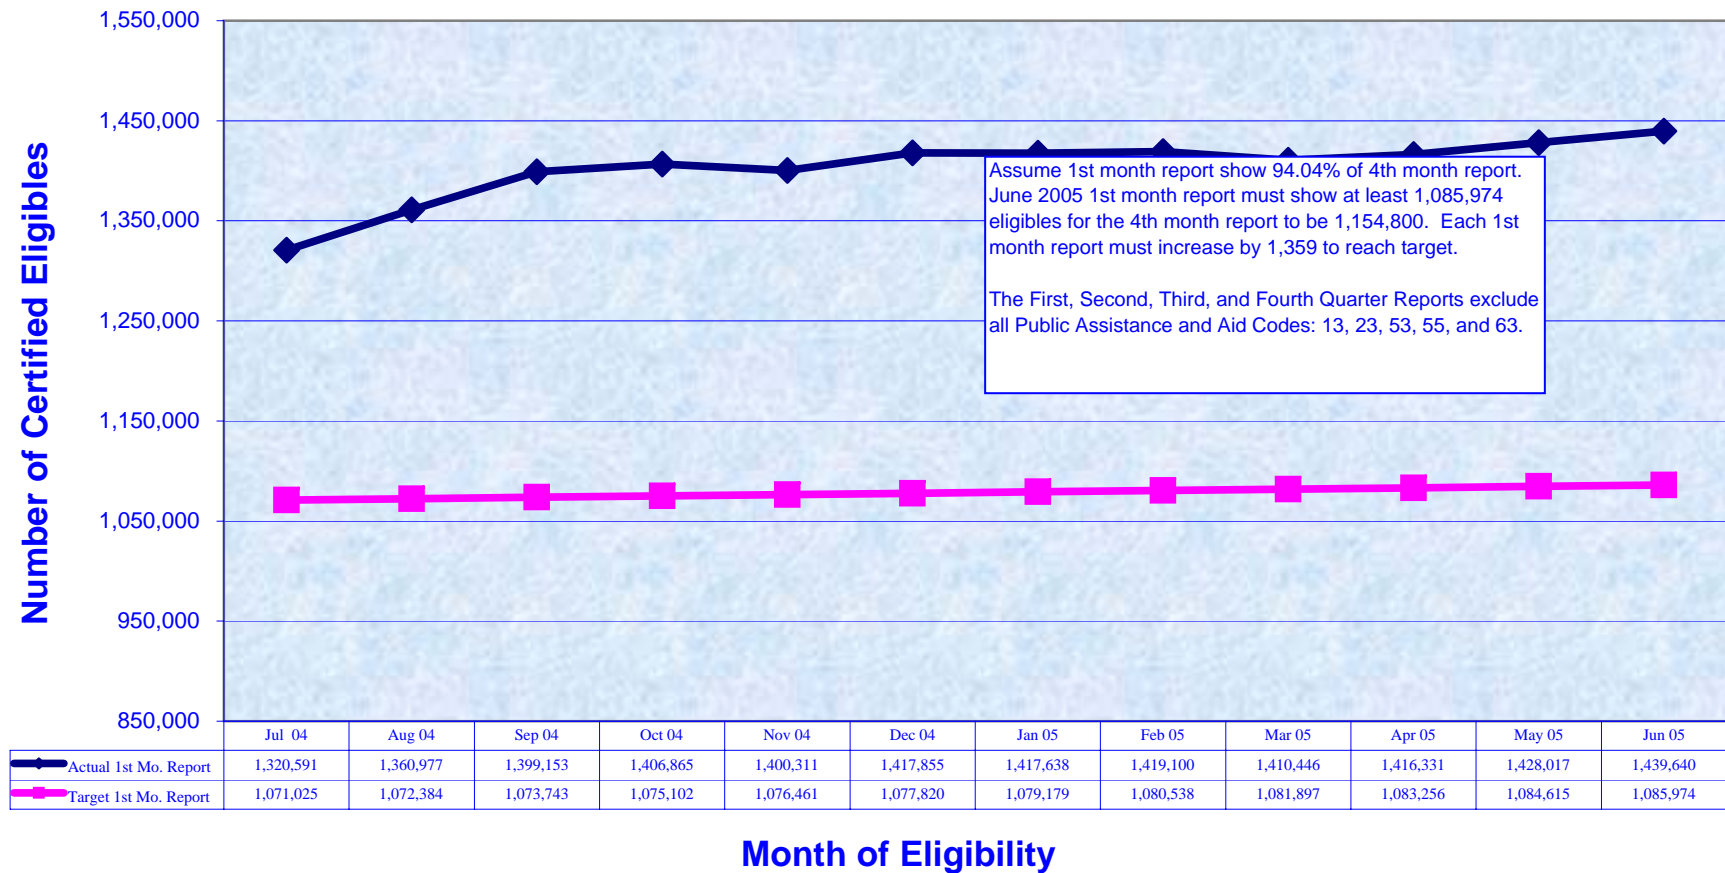

Factors contributing to the disparity in the facilities' data are: (1) Facility Referral Centers define categories differently and methodologies are not comparable from facility to facility; (2) Referral Centers may report only those referrals where the disposition of the referral has been finalized as "incomplete/deferred" and do not include referrals "in process"; (3) Referral Centers may also allow different response time to the referring physicians to provide required referral information before the referral is finally considered incomplete/deferred".

**Resolution**

The County Department of Health Services continues creating a Web-Based Referral System, by which referring providers will be able to refer their patients electronically and view the status of each referral in real-time. This automation will allow for standardized data collection and up-to-date information on all referrals.

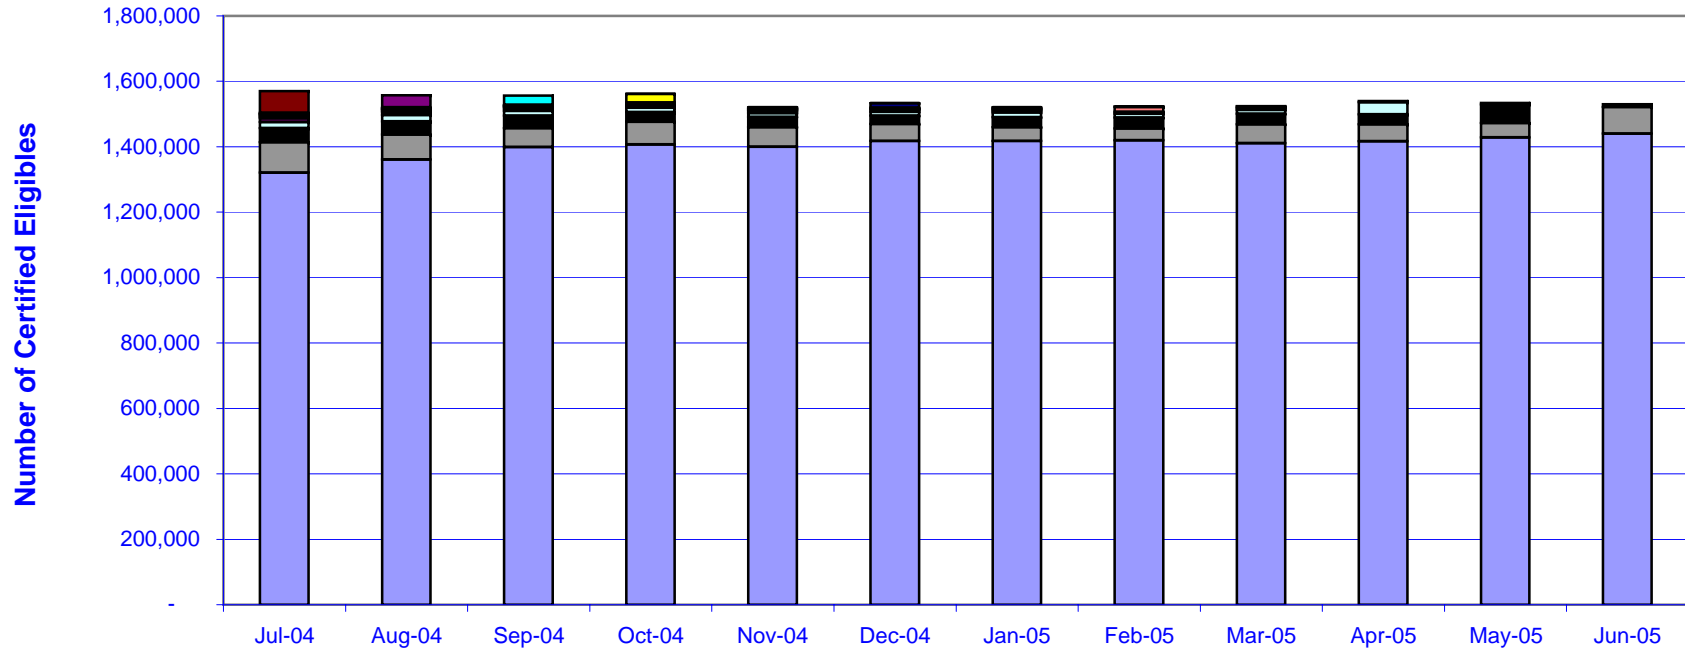

While awaiting implementation of the Web-Based Referral System, the County plans to review the current process at each of the Referral Centers for consistency and possible improvements in reporting of data. In addition, beginning with the Annual Report for FY 2003-04, the County requested each Referral Center to provide an updated summary of the fiscal year's referral activities to reflect accurate and up-to-date data in the Annual Report.

## Trends in First Month Reporting of Medi-Cal Eligibles July 2004 through June 2005

This graph shows the targeted number of Los Angeles County certified eligibles that must be reflected in the first month Medi-Cal Eligibility Data System (MEDS) report in order for the County to reach 1,154,800 eligibles by June 2005. The targets are compared to the actual first month MEDS report to show that eligibility is increasing sufficiently to meet the June
